

**APPLICATION FOR REGISTRATION OF QUALIFICATIONS
TO INDUCE**

**GENERAL ANAESTHESIA
DEEP SEDATION
MODERATE SEDATION**

I, _____, am applying for registration of my qualifications to induce:

- General Anaesthesia
- Deep Sedation
- Moderate Sedation — Multiple Oral Sedative Drugs (with or without nitrous oxide/oxygen) or One Parenteral Drug
- Moderate Sedation — More than One Parenteral Drug

In support of the application I enclose copies of original documents for the section(s) checked below:

- Proof of successful completion of a postgraduate program in general anaesthesia in a university and/or teaching hospital over a minimum of 12 consecutive months.
- Proof of successful completion of a formal postgraduate program in oral and maxillofacial surgery which incorporated adequate training in general anaesthesia and ACLS and is suitable for specialty certification in BC.
- Proof of successful completion of a provider course in Advanced Cardiac Life Support (ACLS).
- Proof of completion of a Pediatric Advanced Life Support (PALS) course.
- Proof of successful completion of a course of instruction, provided by an accredited educational institution, which includes a minimum of forty (40) hours of didactic instruction and supervised application concurrent with dental treatment performed on a minimum of 20 patients.
- Proof of successful completion of a postgraduate program in oral and maxillofacial surgery, pediatric dentistry, or periodontics, which incorporated adequate training in moderate sedation and ACLS and is suitable for specialty certification in BC.
- Proof of successful completion of a program for parenteral moderate sedation using more than one sedative drug (a description of the program content and methods of evaluation are attached).
