# APPLICATION INSTRUCTIONS FOR DENTAL ASSISTANT ASSESSMENT

## Part A - Canadian Educated Level II Dental Assistants

A level II dental assistant educated outside of B.C., but within Canada, may be eligible for certification in B.C. based on the labour mobility agreement between the regulatory bodies of Canada, under the *Agreement on Internal Trade* and CDSBC Bylaws made under the *Health Professions Act*. A practising certificate or a limited certificate may be issued following this assessment.

Application for, and completion of, an assessment of credentials by CDSBC is required to determine if you are eligible for certification. Upon review of the information provided, you will be notified as to whether you meet the certification requirements

and will be invited to apply for Practising Certification if eligible.

If additional training is needed, you may be eligible for Limited Certification which will permit you to perform the services of a practising CDA, except for those restricted activities which require further training. Formal education for these skills must be undertaken at an accredited CDA program within one year. When CDSBC receives proof of successful completion of this education, you will then be eligible to transfer your Limited Certification to Practising Certification.
