

Naming the Corporation

Approved corporate names shall contain only the surnames, or the surnames and any combination of the given names or initials, of one or more Members of the College who are shareholders of the corporation, the words "Incorporated" or "Inc.", "Corporation" or "Corp.", and may include the title "Doctor" or "Dr.", and no other words.

Certified specialists may also include their specialty as follows: "endodontics" or "endodontist"; "oral and maxillofacial surgery" or "oral and maxillofacial surgeon"; "oral medicine" or "oral medicine specialist"; "oral pathology" or "oral pathologist"; "oral medicine and pathology"; "oral radiology", "oral radiologist" or "oral and maxillofacial radiology"; "orthodontics and dentofacial orthopedics"; or "orthodontist"; "pediatric dentistry" or "pediatric dentist"; "periodontics" or "periodontist"; or as "prosthodontics" or "prosthodontist". The specialty must be combined with the dentist's name, as the College will not accept the name of the specialty on its own.
