

# 5 Steps of CDSBC Policy Development

- 1. Identify** and clarify the issue and desired outcome; Board decides if the issue is suitable for CDSBC policy and the extent to which consultation is required.
- 2. Develop** a policy draft through research, targeted consultation, and analysis. Inform registrants and other key stakeholders.
- 3. Discuss** the policy draft with registrants and stakeholders. Acknowledge and analyze input, consider input during redrafting.
- 4. Publish**, communicate and implement the approved policy.
- 5. Review** the policy for relevance as required.
