

Board Highlights 23 May 2014

Board highlights are an unofficial summary of the open portion of CDSBC Board meetings. Official records can be found in the minutes, which are posted after they are approved at the following Board meeting.

Audited Financial Statements

The Board held a teleconference in May to approve CDSBC's Audited Financial Statements for the fiscal year ending February 28, 2014. At the May meeting, the Board recognized and thanked Senior Manager of Finance and Administration Dan Zeng, and his team, noting that this was the second year where no adjustments were required.

Minimal and Moderate Sedation Services in Dentistry (Non-Hospital Facilities)

Registrar/CEO Jerome Marburg outlined the key changes that have been made to this document since it was approved by the Board in principle at the February 2014 meeting.

The Board passed the following resolutions:

- That the Standards for Minimal and Moderate Sedation Services in Dentistry (Non-Hospital Facilities) be approved as presented, and published to the profession.
- That the Registrar progressively implement the Standards with inspections of moderate parenteral sedation facilities to begin in Fiscal 2015/16.
- That the College communicate with the profession about implementation and timelines.

The Board specifically noted the collaboration and effort that went into this document, and acknowledges that it will be highly valuable to the profession. The new Standards will be effective as of their date of publication, however the College recognizes some changes in the document will require additional time and cannot be made immediately effective.
