Our Vision
• Public protection
• Regulatory excellence
• Optimal health

Our Mission
The College of Dental Surgeons of BC protects the public and promotes health by régulating dentists, dental therapists and certified dental assistants. It does so by establishing, monitoring and enforcing the safe, competent and ethical practice of dentistry in B.C.

Our Values
The College of Dental Surgeons of BC demonstrates trustworthiness and promotes professional excellence by being:
• Ethical, open and transparent
• Fair and accountable
• Respectful and courteous
• Objective and evidence-informed
• Inclusive and embracing the principles of diversity, cultural safety and humility
• Patient-centred and engaged with the public
• Committed to the highest level of public awareness

Our Goals and Initiatives

**Goal 1** Improve outcomes for the public through clearly stated standards of competence and conduct for dentists, dental therapists and certified dental assistants

**Initiatives**
We will do this by:
• Developing and maintaining patient-centred standards and guidance that are clear, consistent, enforceable and up-to-date
• Establishing effective and timely board review and oversight of standards and guidance

**Goal 2** Identify and strengthen productive relationships with stakeholders

**Initiatives**
We will do this by:
• Sharing information and consulting broadly with the public and other stakeholders
• Actively engaging the public and patients in decision-making while being mindful of equity and diversity
• Ensuring that we provide relevant and timely information that the public needs to make informed decisions about their health care
• Communicating and collaborating effectively with key organizations and stakeholders

**Goal 3** Embrace leading regulatory practices to protect the public

**Initiatives**
We will do this by:
• Using data and risk assessment to enhance regulatory effectiveness
• Using leading regulatory practices, such as the principles of right-touch regulation\(^1\), to guide strategic decision-making and improve processes
• Increasing organizational capacity to anticipate and respond to external forces and future challenges with agility, resilience and openness
• Updating and implementing a comprehensive mandatory quality assurance program so that the public is well-served by safe health professionals
