## ***Infection Prevention and Control Guidelines Approved***

The Board approved the *Infection Prevention and Control Guidelines* as submitted by the Quality Assurance Committee. **The *Guidelines* take effect immediately**, and can be downloaded [here](#).

The College will distribute a print copy to all dentists and CDAs in the coming weeks. For more information, see the *May 25 Board Highlights*, below.

## **“Practice Limited To” to Be Disallowed**

The term “General Practitioner, Practice Limited to [a recognized specialty]” is often confused with the formal designation of “Certified Specialist in [a recognized specialty]”. The Board directed that, subject to the approval of government, the CDSBC Bylaws be revised so that dentists are no longer permitted or authorized to use the term “General Practitioner, Practice Limited to [a recognized specialty].” For more information, see the *May 25 Board Highlights*, below.
